Editorial à la Davies

(for the (successful) Graduating Class of 1967)

“What is your Life if, full of toil,
You burn the academic oil,
And have no time, from ‘Lit’ or ‘Math’,
To loiter down the Primrose Path?

No time to pick, from day to day,
The flowers which line that lovely Way;
No time to “rag”, no time to “fool”,
No time to metamorphose ‘School’
Into a sphere that’s fine and jolly,
Fit for the feather pate of folly;
No time, or little time, for sure,
To read the lurid literature,
And hardly time enough, I’d say,
To frolic on the Field of Play;
No time, when Mischief moves, to find
Catharsis of the cruder kind,
And none at all, I think, to dance
Attendance on a First Romance?

In fact, no time to make life seem
One lingering adolescent dream,
With little labour, fun a-plenty
And drowsy ‘dolce far niente’?”

Envoi

“Prince, when we said we could not feel
That Life was Earnest, Life was Real,
Our Guardian Angel whispered low,
“Races are to the rats that go;
And all the Powers that Be (alas!)
Demand that pestilential Pass.”

(Thanks, Prince, for counsel kindly meant.)
The Pass is 50 still (per cent).”

SCHOOL NOTES

In place of the customary School Notes we are printing the Introduction to the final edition of *Taviv* by its Editor, Armando Avila. This monthly paper, written by the boys and printed almost uncensored, has reached major stature, and perhaps the best compliment which the Headmaster can pay it is to reprint, without comment, this Editorial in place of the usual School Notes. It has been a good year and the singing of the School Song on Speech Day indicated the excellent spirit which now prevails and for which, of course, the Senior boys, of whom the proportion has been quite small, are chiefly responsible. I hope that succeeding generations will build well on the platform they have laid.

H.M.

(*Taviv*, Editorial, June 1, 1968)

This year has witnessed one of the greatest comebacks the School has seen in its history. Starting with apparently little, we have achieved much. The lack of experienced boys did not only plague us in the Athletic department, but also in other various school activities, such as the Cadet Corps, the Debating Society, Drama Club and several others, including Tennis, which had previously managed to escape virtually untouched.

Although we didn't win many Rugby games and didn't have a power-packed team as in past years, they proved themselves quite well and never gave up.

In September it was really frightful to see our Cadet Corps parade, and everybody thought that we would never make it to Inspection Day. However, we made it and, after Inspection Day was over on May 11, nothing but compliments could be heard about the Corps. On behalf of all Cadets and Officers I would like to thank Captain N. C. Rhodes and Lt. D. B. Camp for helping us achieve this standard, and would like to take this opportunity to wish them the best of luck for next year.

The Projection Club managed to steer through the year without any considerable or major problems. The films which were presented were all received enthusiastically. Special mention should be made of the Drama Club, which presented "Quality Street" together with N.H.S., which proved to be a complete success.

Other school events, such as Ski Trips, School Chapel Services, Christmas Dinner and School Dances, were carried out much to everybody's satisfaction.

When we look back on this year I think that we can all say with great satisfaction that we have achieved something, and let it never be said that we didn't do our best.

The year was climaxed by the opening of the Swimming Pool, which began to operate at the beginning of the Summer Term. The Pool itself has the same dimensions as the previous one, but the actual building (which is brand-new) is bigger than the previous one, with completely re-styled locker rooms and showers. The Pool was given a new bottom and new tiles were put in. I think that everybody is using this new

facility to its fullest extent as we realize that we are very lucky to have an indoor Pool, considering that no other Independent School in the area has one.

For some of us this will be our last term at the School. As we leave, we are leaving behind many friends whom perhaps we will never see again, but always remember that as long as there is a University School you will all be welcome. Some of us have been here for periods ranging from eight years to one year, and some of us for only one term, but I think that one term is enough for a boy to develop a loyalty to the School and all that it stands for. In one term one has the opportunity of meeting people from all over the world (including Saudi Arabia, New Zealand and El Salvador, of course,— and don't forget Scotland), and I do not think that there is anybody at present in the School who can say that he is not glad that he has lived here for at least a short time.

Finally, I would like to thank all persons who have made this year's editions of the *Taviv* a success — especially Mr. Wray for his assistance. To all of you returning may God be with you, and for all of you leaving, may the School spirit always be in your hearts. *Vivat Universitas, Sons of the West!*

José A. Avila, Editor, *Taviv*.

BOARD OF GOVERNORS

After many years of most valuable service on the Board, Mr. R. H. B. Ker, to everyone's regret, felt it was time to retire. Fortunately, living near the School, he is still able to take a very considerable interest and is not, therefore, lost to us altogether.

Elected to the Board of Governors is Dr. Mervyn J. Huston of Edmonton, father of Bryan Huston, Class of '62. Dr. Huston has an international reputation in the field of Pharmacy and is Dean of the Faculty at the University of Alberta. His Curriculum Vitae follows:

SPEECH DAY

Only once before in the past twenty years has this day been marred by bad weather. For days before and days after the sun shone magnificently, but on June 1st. the rain, which had started the previous evening, came down in a steady downpour from morn to night. Fortunately, we had possibly the most amusing speaker in many years to give the Speech Day address, and in the morning the weather outside the Gym could be completely ignored. Just before proceedings commenced Dr. Huston handed to the Headmaster his Curriculum Vitae in order that his introduction might be facilitated. As Dr. Huston has now joined the Board of Governors this Curriculum Vitae is printed in full elsewhere and, as to do it justice would have required an introduction as long as the Headmaster's Report, Dr. Huston was introduced merely as the father of Bryan Huston (who graduated in 1962 and is best known, perhaps, as an outstanding Scrum Half), and as the new member of the Board of Governors. In the midst of this humorous address Dr. Huston interposed words of wisdom and advice which, because of the manner in which they were delivered, will probably be remembered for a long time to come. His theme was "the time to shoot the bears is when the bears are around," and that to shoot bears you need a high-powered rifle and not a mere slingshot. In other words, the boys were advised to take advantage of their present situation and the opportunities offered them at school and to get the most they possibly could out of it. Dr. Huston was thanked by Richard Barker as Head Prefect and by the Chairman of the Board.

The list of Prize Winners is attached and particular note was given to the Governor General's Silver Medal awarded to Robert Oakley, as this was the first occasion on which a School in Western Canada had been included in the Governor General's list of awards.

ACADEMIC RESULTS

We must admit that we awaited last year's results in fear and trembling, as much of the raw material with which we had had to deal had been of very doubtful quality. These results, however, were far better than we had expected, and, in fact, constituted a new "Second Record."

Two satisfactory features emerged — firstly, percentages were well above those of our recent years, and, secondly, the official Department evaluation noted that there was "no significant difference" between the number of final, Departmental and School "passes."

Of 217 papers written 189 were passed (87%). M. C. Brock led the field with a scholarship average of 93%. He is also to be congratulated on heading the Province in Latin "12" and being awarded a B.C. Classical Association Scholarship.

One Grade XIII Paper only was written, W. Dyson, from Grade XI, scoring 96% in Greek "90". We understand that this was another provincial first.

The following 27 Candidates (out of a possible 28) completed Secondary School Graduation (University Entrance) :

R. W. Adams	H. C. Leppmann
M. C. Brock	D. L. MacDonald

CHAPEL OFFICERS

R. Barker (Warden), M. Watkins (Verger), G. Wilder (Sacristan),
R. Brinkley (Warden).

THE CHAPEL

As would be expected, the Chapel is central to the daily life of the School. Each school day begins there, and on Sundays the worship of the Author and Giver of Life and the Source of all Learning is the chief activity of the day.

Although we have nothing noteworthy to report in the field of Chapel Music, yet we recall three services held in the Winter term that are worthy of mention. The Harvest Festival was held on Sunday, October 10th. The Chapel was beautifully decorated for the occasion by the boys under the leadership of Mrs. J. J. Timmis. The annual Remembrance Day Service was actually held on November 11th. this year. Hence, the whole School was present for the first time at this memorial service. It followed the usual pattern and, as has been customary for many years, the Headmaster called the Roll of those who gave their lives in the two World Wars and in Korea, and read Captain Harvey's letter to the boys of the School — a letter written in the early days of World War I when he was serving with the B.E.F. in France, from which he did not return. Memorial wreaths were placed before the Altar.

Our Carol Service was held on the last Sunday of the term, December 12th. This was strictly a domestic affair and the singing was done

entirely by the School. It was well done. A generous offering was received for U.N.I.C.E.F.

Owing to serious illness, except for the first Sunday, the Chaplain was away from the School for the whole of the Spring term. During the term we were pleased to welcome the following visiting clergy: Bishop Calvert, formerly of Calgary; Bishop Martin, formerly of Saskatchewan; The Reverend Canon H. M. Jones, Rector of St. Mary's, Oak Bay; the Reverend Canon C. H. Butler of Christ Church Cathedral, and Anglican Chaplain to the University of Victoria. The Chaplain returned to his duties at the beginning of the Summer Term and we are, at the time of writing, preparing for the annual Speech Day weekend.

During this year we have received the invaluable help of Mr. Ian Galliford as organist of the Chapel. The singing has much improved and we hope, once again, to reach the high standards of years past. But we should like to have more boys entering the School whose treble voices are still unbroken.

The Chapel Officers for the year were: Verger, M. M. Watkins; Chaplain's Warden, R. G. Barker; Headmaster's Warden, J. S. Brinkley; Sacristan, G. L. Wilder.

The Chapel Officers elect for next year are: Verger, G. O. Tolman; Chaplain's Warden, R. J. W. Shave; Headmaster's Warden, J. C. Conduit.

RUGBY FOOTBALL FIRST FIFTEEN

This has been very much a building year. None of last year's Team, and only three of last year's 2nd. XV, returned to School. Several candidates had never played Rugby before, and by the end of the season were beginning to show reasonable aptitude for the game. Unfortunately too much time had to be spent teaching basic and elementary skills and tactics, when a Team at this level should have been concentrating on more sophisticated strategy and manoeuvres.

Team spirit was high at all times, and enthusiasm made up for lack of skill on many occasions. Two outstanding inadequacies, which led to several defeats, were the lack of pace in the three-quarters and (often) abysmal tackling efforts by players in key positions.

Brinkley exercised a very sound and steady influence on his players, and set high standards by his enthusiastic endeavours and high personal conduct on the field of play. Grove was an able and hard-working pack leader, and should improve a great deal with more experience. Though he had not played Rugby for a year, Conduit very quickly found his touch, and his zeal, determination and non-stop efforts in every game were frequently an inspiration to the laggards.

Results were the poorest experienced by the School Team for many years; however, the hard work, determination and experience gained this year should greatly benefit next year's Team.

In Independent School play a narrow 6-3 defeat at Brentwood by a penalty goal and a dropped goal to a try seemed to augur well for the rest of the season. Unfortunately this did not turn out to be the case. St. George's completely outclassed the team on both occasions, lack of drive and unbelievably poor tackling being factors contributing to two large defeats. Brentwood won the return game in a mud bath in very convincing manner. Shawnigan won their first encounter in the last minutes of the game, against the run of the play, a most fortuitous bounce of the ball enabling their centre to run 70 yards to score under the posts for an 8-5 victory. In the last game of the season the Team gained a well-deserved 6-6 draw against Shawnigan, Brinkley dropping a goal for the first time in his career, in the last minute of the game and in his last game as Captain.

Colours were awarded to Brinkley and Conduit.

GLENALMOND TOUR

The highlight of the season was the first-ever visit of a British Public School's XV to Canada. Trinity College, Glenalmond, arrived from Scotland in Victoria on December 5th. for a fifteen-day, five-game tour. University School were hosts for their first few days.

The Scottish team showed excellent poise, speed and fluidity of movement in all departments of play — obviously the result of years of experience and excellent coaching. These factors combined to give them an unbeaten tour record of four wins in four games (the St. George's

game had to be cancelled). Many spectators turned out to all the games and were delighted to watch Glenalmond's attractive attacking Rugby. Several moments of the Glenalmond-University match appeared on the local TV sports show that same evening.

The high standards set by these boys, both on and off the field of play, made them very popular ambassadors for Rugby and for their country, and it is hoped that this has been merely the first of many similar tours.

The School XV played 16, won 2, lost 12 and drew 2 (points for £3, against 161). Detailed results were as follows:

OCTOBER

- 19 School v. Claremont High School, lost 0-9
- 25 School v. Oak Bay High School, lost 6-10

NOVEMBER

- 4 School v. Brentwood College, lost 3-6
- 8 School v. Victoria High School, won 8-0
- 11 School v. The Old Boys, lost 0-8
- 13 School v. Oak Bay High School, lost 3-6
- 18 School v. St. George's School, lost 0-13
- 22 School v. Claremont High School, lost 9-11

DECEMBER

- 7 School v. Glenalmond, lost 0-26

JANUARY

- 13 School v. Royal Roads, drawn 0-0

FEBRUARY

- 13 School v. Royal Roads, lost 0-14
- 21 School v. Oak Bay High School, won 3-0
- 24 School v. Brentwood College, lost 0-15

MARCH

- 2 School v. St. George's School, lost 0-29
- 9 School v. Shawnigan Lake School, lost 5-8
- 10 School v. Shawnigan Lake School, drawn 6-6

B.C.C.S.

FIRST FIFTEEN CHARACTERS

BISHOP (prop forward) — An exceedingly strong prop, but unfortunately inclined to tap back too often. Excellent in the tight and an outstanding line-out jumper. Poor in the ruck and inclined to dream at times.

CHAPMAN (hooker) — This was his first year in the position. By the second half of the season he was strikingly successful in the scrum and outplayed all his opposite numbers in his department. He was rather slow round the field and has poor hands, but his determination often made up for his other deficiencies.

DADE (prop forward) — Strong and fast, and a very forceful runner with the ball in his hands. He was excellent in the ruck and many times in the maul stole the ball to feed to his half backs.

MCLEAN (second row) — This was his first year of Rugby. A good jumper, and strong and fast, but he lacked the necessary weight for second row. His tackling was often very good. He frequently seemed to tire too easily, and lagged behind when the strain was on. He must learn how to go hard for the whole game. By the end of the season he was improving and getting rid of his habit of cross-field running.

MOILLIET (second row) — This was his first year of Rugby. A strong, willing forward, very good in the ruck, but poor in line-out protection. Rather slow and clumsy, with the result that he is lacking in basic skills and ineffective in broken field play.

CHELLIN (blind-side wing forward) — At times a very useful player, capable of intelligent moving and distribution of the ball. Not slow, but often unwilling to cover across in defence.

DOBSON (open-side wing forward) — A destructive thorn in the flesh for the opposition. He was capable of disrupting enemy half backs and snapping up loose balls. He made several good breaks, but lacked the pace and confidence to make use of this ability.

GROVE (number eight — scrum leader) — A very promising and intelligent player. When he has put on more poundage he will be even more effective. A good pair of hands, a good boot, good speed, great determination and intelligent use of the base of the scrum combined to produce a very creditable player.

CONDUIT (scrum half) — Had outstanding spirit and determination. A good tackler and a much-improved kicker, from the base of the scrum, from the line-out and for goal. His erratic passing must be improved next season.

BRINKLEY (Captain) (stand-off half) — A very determined and hard-working player. He has excellent hands, and his touch-kicking and tactical kicking improved greatly throughout the season. A good tackler. His basic shortcoming is a certain lack of speed. A very conscientious and industrious Captain.

JENKINS (wing three-quarter) — A very determined runner, but makes the tragic mistake of trying to cut inside his opponent. His lack of pace, poor tackling and comparatively small stature cut down his effectiveness against big, strong wings. He must learn to kick effectively on the run.

MCKAY (centre three-quarter) — He has no inside or outside break, and lacks the pace to outrun opponents. Sound tackling, a very useful grubber kick and an effective cross kick on the run are his most valuable attributes. His main fault is a head-down run straight at his opponent.

WILSON (centre three-quarter) — A very strong and powerful player. With a little more speed he would be a most difficult runner to stop. He is inclined to lie too flat and too far away from his other centre. Has an excellent kick, and can gain very long yardage. He must learn to use his physique to tackle hard and low. His handling at times is also suspect.

KEIL (wing three-quarter) — Exceedingly determined. His lack of stature and speed are usually offset by very hard running and excellent tackling. He also has the ability to kick for touch and gain valuable ground just as he is tackled.

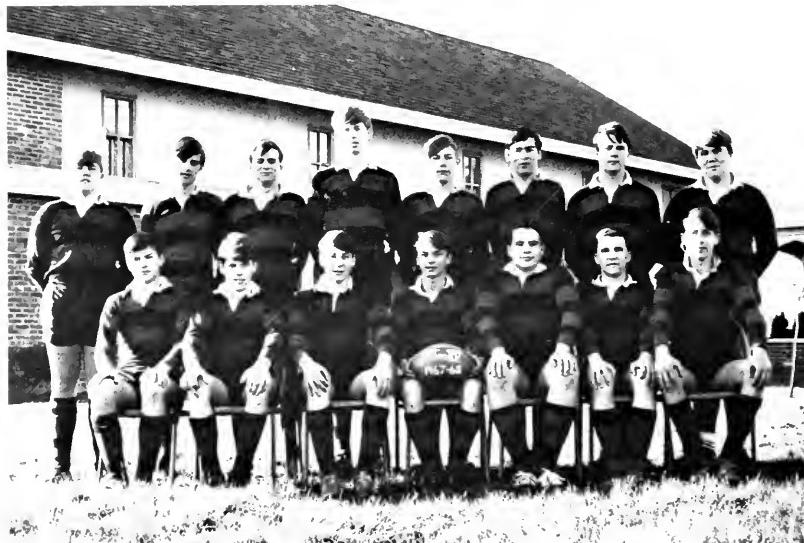

WATKINS (full back) — A very keen player, and it is unfortunate that a full back must be a good tackler, and, also, able to field the ball before it bounces, and then deal with it immediately. He is not slow, but his fielding and tackling were very, very weak. His touch kicking was adequate.

SECOND FIFTEEN

The 2nd. XV played with great enthusiasm and, although they lost most of their games, they had several exceedingly well-matched encounters in which they were unfortunate to lose by the odd point. There was a great deal of "chopping and changing" in both 1st. and 2nd. XVs in attempts to find the best combinations, and many boys were promoted from the 3rd. XV, and found permanent places in the 2nd. Altogether it proved a willing Side, providing promise for next year.

Eleven matches were played, of which three were won, seven lost and one drawn (points for 73, against 99). The results were as follows:

OCTOBER

- 19 School v. Claremont High School, won 19-0
- 25 School v. Oak Bay High School, won 11-0

NOVEMBER

- 4 School v. Brentwood College, lost 5-8
- 11 School v. The Old Boys, lost 0-23
- 19 School v. St. George's School, lost 3-15
- 22 School v. Claremont High School, drawn 5-5

FEBRUARY

- 21 School v. Oak Bay High School, won 14-3
- 24 School v. Brentwood College, lost 3-5

MARCH

- 2 School v. St. George's School, lost 10-11
- 7 School v. Shawnigan Lake School, lost 3-8
- 9 School v. Shawnigan Lake School, lost 0-21

B.C.C.S.

THIRD FIFTEEN

The Team began the year with great hopes of success; only, in the end, to see many of its members fill vacant spots in higher teams.

The scrum was well-balanced, but could not show how effective it truly was until the return match with St. George's, when it played superbly (making up for a much-weakened back line) and scored all the School's points in the 6-6 draw. The three-quarters were effective both in defence and offence, but were plagued regularly by having to forfeit members to the 2nd. XV. Copeland proved an asset in the first game against St. George's, when his kicking kept the School in the game for a 9-9 draw.

Games against Brentwood were split, each team winning its game 3-0. Both the St. George's games were drawn (9-9 and 6-6 respectively). The first Shawnigan game was lost 3-0, and the second 33-3, at a time when the Team had less than half of its regular members playing.

The Side consisted of: Taylor (Captain), Burns (Vice-Captain), Copeland, Leima, Meeker I, Meeker II, Grumbach, Smith I, Duthie I, Faught, Mackie, Way, Higginbotham and Avila.

Scott D. Taylor, Captain.

FOURTH FIFTEEN

The season did begin with some promise, but yet again we were plagued by a shortage of players, many of whom were pressed into service with the 3rd. XV, with a consequent weakening of the "Fourths."

However, I should like to commend both Teams for the manner in which they practised and took the field, and in particular do I thank Scott Taylor for the very fine way in which he captained the "Thirds."

COLTS FIFTEEN

On the whole it was a satisfactory season and some good Rugby was played, particularly behind the scrum. The forward play, however, was neither clever enough nor spirited enough, and certain members of the pack have yet to learn to get "stuck in" all the time, rather than from time to time. Playing against Independent Schools the Side was always at a weight disadvantage, and, with the forwards never in the ascendant, some very promising backs were always struggling. Oakley captained the Side ably, and his loss, through serious injury soon after Christmas, was a heavy blow.

Results of the Independent School games were as follows:

- School v. Brentwood College, lost 5-15
- School v. Brentwood College, lost 8-20
- School v. St. George's School, lost 0-11
- School v. St. George's School, won 12-3
- School v. Shawnigan Lake School, lost 0-13
- School v. Shawnigan Lake School, lost 0-15

Matches, all of which were won, were played against various Public Schools in the area.

W.R.G.W.

JUNIOR COLTS FIFTEEN

The Junior Colts Fifteen had a relatively successful season, with victories over Brentwood, Shawnigan, St. George's, Central Junior High and Mount View Junior High.

Features of the team play were determined running by the backs and hard scrummaging by the forwards. However, the tackling was poor on many occasions, and this resulted in matches being lost that could easily have been won.

Outstanding performers were Hopkins, whose running was a great asset, Pappajohn, who proved a very useful centre, and, amongst the forwards, Dykes, McLean and Spicer, who were consistently hard-working.

The results were as follows:

- School v. Mount View High School, won 21-0
- School v. Central Junior High School, won 10-0
- School v. Brentwood College, won 13-3
- School v. Brentwood College, lost 3-6
- School v. Shawnigan Lake School, won 6-3
- School v. Shawnigan Lake School, lost 3-6
- School v. St. George's School, lost 6-18
- School v. St. George's School, won 8-3

The Team consisted of: Spicer (Captain), McPhee, Bennett, Gerdies, Pappajohn, Hopkins, Thomas, Dyson II, Lang, Vallance, Dykes, Keelan, McLean II and Whyard.

CRICKET (1967)

The *Black and Red* went early to press last year, and certain important cricket items had perforce to be omitted. We include them at this time in order that the record may be complete.

The Clayton Cup Competition was held as usual, E. L. Hardy's XI being the winners. Winslow House, which fielded by far the strongest side, won the Holms Cup for inter-House competition, without difficulty.

The final match of the season was played at Shawnigan Lake School, and resulted in a draw. Batting first, the School fared badly, until Code and Strand came together late in the innings. The former batted confidently and sensibly, while the latter smote the ball with great effect, his 39 being the highest score for the side during the season. Hardy declared at 128 for nine, and Shawnigan went for the runs, but their good effort fell short and they were 120 for seven at the close.

W.R.G.W.

JUNIOR CRICKET

The juniors are emerging as a very keen group of cricketers, and we have had a few more experienced players whose help has been invaluable. Those who are new to the game are certainly making up for lack of ability by enthusiasm: this was reflected in the winning of the first game, against Shawnigan. The victory was very surprising, since four of our number disgraced their team by falling somewhat ignominiously to four successive balls of the same over. However, all concerned enjoyed the afternoon's play.

At the time of writing one other match has been definitely arranged, and several others are pending. We are practising and hoping for good luck!

R.A.K.

TENNIS

Owing to early publication of the *Black and Red* last year the results of the 1967 School Tournaments were not available.

"Jake" Watkins won the Senior Singles (for the third time in succession), and J. Houston and J. Brinkley the Senior Doubles (a newly-instituted event, the cup for which had been kindly and fittingly donated by Dr. Houston). M. J. Smith won the Junior Singles.

The School Team won, very convincingly, the recently-introduced Independent Schools' Tournament, defeating Shawnigan Lake 6-3, at home, in the final.

This year we suffered the loss of four of last year's Team, but our representatives have performed well. Again early practice matches were arranged against Oak Bay Tennis Club and the Racquets Club, where opposition proved too strong, but the Team has held its own against other Independent Schools.

About 30 boys (many of whom are novices) have enjoyed regular organized Tennis on the School courts: fortunately some of the Junior boys show considerable promise for the future.

Results to date have been as follows:

- May 14 School v. Brentwood College (home) won, 5-4
- May 17 School v. Shawnigan Lake School (home) won, 6-3
- May 25 School v. Shawnigan Lake School (away) lost, 3-6
- June 4 School v. Brentwood College (away) lost, 2-7

"STOP PRESS"

For the second year in succession the School has won the Independent Schools' Tennis Trophy (donated by Brentwood College Grade XI in 1967).

The results of this year's Tournament were as follows: 1. School (8

points); 2. Brentwood College (6); 3. St. George's and Shawnigan Lake (5).

All members of the team played well, but special mention must be made of M. J. Smith and Wilson, both of whom won all their games.

Colours were awarded to Way and M. J. Smith.

Under-16 Singles Champion: Smith II.

Open Singles: Smith II.

Open Doubles: Barker I and Wilson I.

TENNIS CHARACTERS

BRINKLEY (Captain) — Having played for the School for five years he is well-used to match competition, and showed admirable competitive spirit against the No. 1 players of other Schools. His service has improved tremendously, and his game against Webster of Brentwood was as fine Tennis as one could hope to see in any School event.

WATKINS — Competition in the No. 2 "spot" was intense this year, and he has not repeated last year's success. He has played for the School Team for four years, and has shown admirable temperament and determination throughout — especially so in his critical game against Brentwood No. 2, when, after trailing 2-4, he recovered to win 6-4, thus clinching the match.

WAY — Promoted to No. 3, he played admirably. His ground strokes were strong and usually well-placed, and at times he showed remarkable agility in returning difficult shots. He still lacks anticipation (being slow, at times, to move) and aggressiveness; but he showed that he had all the potential. With experience of competition play he could prove to be very good. He is a vastly-improved player upon last year.

SMITH, M. J. — He had a fairly successful season, and played his ground strokes well. Unfortunately he has not been able to maintain his improvement upon last year. His backhand shots have been consistently played by an awkward lean of the body rather than by moving his feet away from the ball. He has the potential (including a very good serve) but sadly lacks the aggressive instinct to come to the net. Time after time he has played a good, well-placed shot to his opponent, whose return has "plopped" over the net and won the point because he was still on the base-line. Even after a good serve he has been inclined to remain there!

WILSON — New to the Team this year, he has played well and shown himself capable of good ground strokes and a strong serve. Overhead he has not smashed deeply enough, and has not "played" the net to great advantage. More experience of competition play would improve his game considerably. He is the player most-improved upon last year.

BARKER — In typically dogged fashion he has returned everything by any means known (including thinking the ball over the net, according to one member of the Team). Possibly he has confused Tennis with Cricket, as anything wide he has left severely alone. Despite a certain lack of mobility and agility (a result of his recent illness) he has played with calm determination, and shown more than one opponent that placing a shot is far more important than power.

R.F.A.

BASKETBALL

Although our over-all record has not been outstanding, we have set a good pace for the next three or four years to come. Two of the boys on the first string are presently in Grade X, and three boys who were substitutes are in Grade XI. This, of course, should mean a fine start for next year's team.

The Independent Schools' Tournament again gave us two tough games, and for the fourth year in a row we came in second. Three of our five starting players made the all-star team, which was a credit to our entire side.

We won our only league game against Mount View Hornets, which was our final match. I hope that next year's team will continue in the same fashion.

Our sincere thanks must be given to Bob Guild, who took time out from University to coach us.

The Best of Luck to next year's Side!

Michael MacC. Watkins, Captain.

Inter-House Results were as follows:

Senior — Bolton 56, Winslow 9; Bolton 35, Barnacle 32; Barnacle 23, Winslow 6.

Junior — Bolton 24, Winslow 26; Bolton 12, Barnacle 9; Barnacle 26, Winslow 6.

Final Result: 1. Barnacle, 2. Bolton, 3. Winslow.

Inter-Dorm. Result: 1. Barnacle (Brinkley), 2. Bolton (Wilson).

BASKETBALL CHARACTERS

WATKINS (Captain) (Forward) — Disappointing this year — past laurels not lived up to, as hoped for. However, he has played very good defensive Ball, and has been particularly strong on the boards. Came through with the big points when needed most of all. Lets his temperament take hold of his ability a little too often.

BRINKLEY (Vice-Captain) (Guard) — A very consistent player all the year. Held the team together during some of the most crucial moments. Proved particularly apt at scoring from outside the key area. Showed also some defensive prowess. A clean-cut, well-mannered Vice-Captain.

GROVE (Centre) — Young and inexperienced, but he used his intelligence to good advantage over players considerably larger and more experienced than he. However, he seemed at times to be particularly disgruntled by his lack of height. A bright future looms ahead. An admirable sportsman.

HOGAN (Guard) — A fine ball-handler though a young rookie. He proved particularly good in defence, especially at stealing the ball. Offensively he was steady throughout the season. An exciting future in the offing. Set a good example to the rest of the Team.

WILSON (Forward) — A late comer to the Team, his strength was most noticed on the boards. At times his ability was nullified by his lack of initiative and drive.

BADMINTON

Badminton in the School is in its infancy, having been first introduced three years ago by Mr. Allen, yet it has proved to be an enjoyable and popular activity. Thanks are due to Mr. Allen, whose nets have served us so well, and to Mr. R. Kirk, who gave up his time to try to put the sport on a serious basis.

Again, this year, a joint team from Norfolk House School and University School competed in the Public Schools League. The results simply served to stress the (not unpleasing?) fact that Badminton within the School is, as yet, played more for pleasure than for the purpose of inter-school competition.

A new feature has been the presentation of Badminton Cups for the best Singles and Doubles players. The large number of entries for these "events" gave great promise for the future, and all participants are to be commended for their efforts. The Singles winner was P. M. Chapman, and W. Dyson and P. M. Chapman won the Doubles.

P. M. Chapman, Captain.

SWIMMING

This year saw the long-delayed construction work on the Pool finished, so that the Swimming Team now has the advantage of what is virtually a new "Tank" in which to train. As soon as possible after Easter training was started under the auspices of Mr. Wray, whose "windsprints" were no less demanding here than on the Rugby Field.

Despite a shortage of time and some clashing of interests, a period was set aside for a keenly-contested Inter-House Meet, from which Winslow emerged victorious, with Chapman winning the Open Championship, Evans the Under-16 and Gloyd the Under-14. Moreover, an Inter-School Meet between ourselves, Shawnigan Lake and St. George's was also held. That we came second behind Shawnigan did not detract from the spirit and effort put into Swimming this year. These have promised to make the Sport once again very much a part of the School's activities.

The Inter-House Results were as follows:

OPEN

Free Style: 1. Chapman; 2. Chellin; 3. Fowler; 4. Bishop.

Back Stroke: 1. Chapman; 2. Mauro; 3. Niven.

Breast Stroke: 1. Chellin; 2. Vavra; 3. Chapman; 4. Way.

Butterfly Stroke: 1. Mauro; 2. Chellin; 3. Vavra; 4. Chapman.

SKI-ING

Two weekend ski-ing trips to Mount Whistler were undertaken this year, with Mr. Wray and Mr. Allen at the respective helms of the school station wagon and Mr. Allen's car (replaced immediately after the first trip owing to imprudent use of the clutch in trying to tow-start an ice-cold Studebaker). Glorious weather was enjoyed on both occasions.

While our accommodation did not afford complete quiet (the dance group was great), the food and beds were good, and well worth the cost.

The open terrain at the summit, with the narrow trails lower down, provided suitable ski-ing for both expert and novice (thank goodness), although the run under the gondola was hair-raising by any standards (especially this writer's).

No broken bones or skis were recorded, but one member of the Staff was seen ski-ing one-footed into a 10-ft. snow bank, to emerge later muttering something about "Two heads are better than one."

Despite the indecent hour at which it is necessary to get up to catch the first ferry, all agreed that the trips were very enjoyable and worthwhile, and hoped for more next year.

THE SAILING CLUB

The new school year saw the club being re-established in new, brighter quarters, which gave us much needed extra space. Seven of last year's fifteen members returned to provide the foundation and the club eventually grew to include over twenty boys. Much of the expansion was possible because of the equipment loaned to the club. The boys spent the winter constructing a good work bench and repairing boats and engines. Price supervised the boatbuilding section while Duthie I showed his paces by stripping down and rebuilding outboards at the slightest provocation.

With our expanded fleet of boats, the club had to have assistance with transporting bodies to the water and Mr. Barber, of historic fame, kindly volunteered his services. Daily, throughout the summer term, the Cordova Bay convoy has pulled out of the school, filled to the brim with boys, engines and all sorts of sailing paraphernalia.

Activities this year have included sailing, water ski-ing, scuba diving, hydroplaning and the occasional swim. To indoctrinate new members, a "Polar Bear" swim took place at Cordova Bay in the first week of the summer term and it is significant that not one case of "Out of Bounds" sailing has occurred this year. Once again, the club senior members have been entirely responsible for the maintenance of discipline and they have succeeded admirably. Formality was reduced to a bare minimum, yet all club members were aware of their responsibilities. As an example of this type of conditioning — the boys can launch, rig and start to sail the boats within five minutes of arrival at the beach.

Shortage of "one class" boats and the lack of games time, together with the School's distance from the sea and the lack of suitable transportation, all combine to make competitive sailing out of the question at present. Regretfully, we have had to turn down invitations from clubs and other schools to compete. We desperately need something capable of transporting at least 15 bodies to accommodate the increasing number of people interested in water sports.

Our thanks are due to the following people, not only for the loan of the equipment listed, but also for their encouragement in continuing a project which has, at times, faced almost insurmountable problems: Mr. Teagle, the "Penguin"; Mr. Rainsford, the "International"; Mr. Morrison, the "Ski-boat"; Mrs. Keble, the "Hydroplane" and the "Baby-boat."

Our thanks are also due to Mrs. Keble for her continuing to allow the club the use of her premises at Cordova Bay, and to Mr. and Mrs. Price for their hospitality to the club at Duncan.

Possibly the most important result of the club's activities is that this year over \$5,000 worth of equipment has been entrusted to the boys, and will be returned in better condition than when lent.

TRACK AND FIELD

Track has proved to be a popular sport this year, but since all but one of last year's team have left the School we have been struggling to maintain standard, and unfortunately we have been weak in depth. Owing to the shortness of the Summer Term and the clash of fixture dates with the Public Schools we have had few meetings up to press time, but several fixtures are in the offing.

In the Independent Schools Championship meeting, held at Shawningan on May 18th., we could not repeat last year's winning performance, and came fourth in both Junior and Senior divisions. Bogan I and Bishop came first and second in the Senior Shot, Cuppage was third in the Senior Mile and Half Mile, Bexton was third in the Two Miles, Reeves won the Junior Shot and M. J. Smith was second in the High Jump. The Junior 4 x 110 yards Relay Team broke the School record with a time of 49.0s.

Results to date have been as follows:

MAY

- 3 School Open v. School Under-16, won 80½-45½
- 21 School v. Claremont High School, lost 75-82
- 22 School Under-16 v. Gordon Head High School, lost 61-70

Colours were awarded to N. R. Bishop.

Addendum:

Our best thanks go to Messrs. Camp, Weston and Genge, who, in the course of their ministrations, have spent long hours on the School Track, watching other people keeping themselves warm.

SPORTS DAY

The weather on Sports Day was most disappointing, for it rained throughout the Meet, creating great difficulty, especially in the throwing events. Although performances were none too exciting, competitors deserve considerable credit for their very valiant efforts.

Our best thanks go to Mrs. Huston, who presented the prizes.

The results were as follows:

CROSS COUNTRY

Much more emphasis was put on Cross Country this year, in an effort to raise our previous standards.

Again, unfortunately, we were unable to compete in the one important local meet, as it came on one of our holidays; but we concentrated on doing well in the Independent Schools Championships.

But in this meeting, which was held at St. George's, we were just not fast enough in the short distance and we only managed to come a close third. Later, however, our under-16 team handled Lansdowne Junior High School with comparative ease.

The School Championships were not so exciting as those of the year before where their finishes were concerned. The Senior Race was won by G. Cuppage, in a time of 31m. 39s., and the Junior by G. Hogan, who was also placed third in the Senior, as first Junior in.

The Teams were as follows:

Open — G. Cuppage, S. Taylor, A. Bexton, S. Russell, N. Turgeon, R. Morgan.

Under-16 — G. Hogan, R. Michaud, M. Reeves, B. Simpson, C. Rainsford, D. Seibert.

Richard G. Barker, Captain.

THE CORPS

For the first time since foundation, over 50 years ago, it was necessary, this year, to seek outside help in organizing the Cadet Corps. This resulted in some delay before the School was finally able to secure the services of Captain N. C. Rhodes of the Black Watch.

The training programme had not been properly started, however, before further problems presented themselves in the resignation of the Senior (over-18) Cadets. The start had been a late one, and we were now desperately short of experienced Cadet Officers and N.C.O.s, so it proved necessary to postpone the Annual Inspection until the Summer Term.

Even with this added time, it seemed doubtful if the Company would be prepared by the set date. Thus, it was decided to dispense with rifles, except for the Flag Party, and to cut down on the Armouries Staff. Another "first" this year was the carrying out of the Inspection entirely on the Quad, as a further aid to the standard of foot drill.

Some of these measures must have proved effective, because, contrary to most expectations, Inspection Day proved most successful. The Inspecting Officer was Captain Coots from Area H.Q. and, although this year there were no displays provided by the Corps other than Company Drill, the Pipes and Drums from the Armouries sup-

"CAPS OFF"

plied a colourful after-show. All in all, the Inspection was very well received by the spectators.

Stick Man for the Company was J. Barr, while R. Wolf and R. Bexton received Honourable Mention. Conduit won the stick for the Band, and all are to be congratulated on the stiff competition which was put up. The Platoon Cup was accepted by Lt. J. Avila on behalf of No. 2 Platoon, but, with the intermingling this year of the few experienced cadets with the greater mass of recruits, all the Platoon Commanders and N.C.O.s are to be commended on the work which they put into their units.

Despite this hurried programme, time was found for a weekend excursion to Albert Head. Thirty Cadets participated in this expedition, and while there had the opportunity of studying the workings of S.M.G.s and F.N.s. In the evening infra-red equipment was demonstrated. Cadet R. Wolf was named best-dressed member of the group, while Cadet R. Bexton was named Best Cadet.

Thanks must be extended to Captain Rhodes, whose tireless efforts indeed produced miracles, and to Warrant Officer Rogers, who managed to raise a Band, virtually from scratch; and special thanks are due to Lt. D. B. Camp, who contrived, by fair means and foul, to procure much-needed equipment. He also kept our Records in order.

Behind the scenes the Matrons gave indispensable help in sewing on Badges, while Mrs. Camp gave of her time for stitching up Flashes. Without these many helpers it would truly have been impossible for us to make progress. It can only be hoped that next year the Corps will again be fortunate enough to have their assistance and patience upon which to rely.

Enrolment was 130, and we had three Platoons and the Band. The Cadet Staff was as follows:

	Captain P. Chapman (C.O. and Adjutant) W.O. G. Chellin (C.S.M.) Drum Major B. Angus

The Team also entered for the Lord Strathcona Cup and the Royal Military College Competitions, but no results were available by printing time.

Of the Cadets who tried for their qualification badges, 26 achieved Marksman standing (Crossed Rifles and Crown), while 36 gained 1st. and 2nd. Class Honours (Crossed Rifles).

This year the Captain Harvey Memorial Rifle Trophy was won by Cpl. B. A. Burns.

The primary goal, that of instructing the large majority of the School in the safe handling of fire-arms, was attained. This was due mainly to the time and effort contributed by Mr. D. B. Camp, who supervised as Range Officer.

The practice of awarding buttons to the Cadets with the highest target-scores of the past two weeks was resumed. The following were successful:

Senior — B. A. Burns (4), J. G. Jenkins (1).

Intermediate — P. H. Powell (2), C. K. Herr (1), B. Higginbotham (1), R. Lauder (1), D. A. Singleton (1), R. Miller (1).

Junior — R. Miller (3), G. Chow (1), R. Mason-Hurley (1).

The spirit of competition will be kept alive among those taking Recreational Shooting by the donation of a Trophy by Mr. and Mrs. Cousens, for the best average during this period.

When we consider the interest shown by younger members of the School, the future looks good to us, and it is quite possible that in a few years' time the School will regain its leadership in this Sport.

Bruce A. Burns, Corporal, Captain of Shooting.

THE BAND

In spite of a lack of experienced personnel, the Band managed to get well under way this year, with 15 recruits out of a total of 22 Bands-men. We were seriously hampered half way through the year, when a number of the more senior Cadets chose not to complete the year's service. I feel that, under these circumstances, the Band put on a highly satisfactory Parade on Inspection Day.

This standard, however, was not achieved without a great deal of patient hard work on the part of all concerned, and I sincerely wish that the younger Cadets who comprised the Band of this year will stay together and form the core of a more experienced and even finer Band next year.

William B. Angus, Drum Major.

THE ART ROOM

This year we have studied many facets of what is still, to most of us, "the mysterious world of Art." Particular emphasis has been laid, during our sessions, on understanding more about the Artist and his work. This included many good films shown once a week to all grades, and these were certainly enjoyed by all. The Seniors had opportunities of witnessing several Art Shows at the Victoria Art Gallery; also at the Private Gallery, "Pandora's Box." The knowledge thus gained (plus the study of the various techniques introduced to them for the first time) has been used to good advantage. All Grades were encouraged to feel free to express themselves in many media, choosing one, in conjunction with a technique, to produce a work of Art fitting the need of the moment.

It becomes clear that, as we understand more about Art and the involvement of the Artist, we find that History is often reflected in

the Artist's work. This is especially true today, for in constant upheaval and ever-changing problems, what is more fitting than that the Artist should portray this very same "mirror image" — the very nature of us all?

As the Summer Term comes to a close, the annual Jury show and the "Mark Kearley Award" (held at the Victoria Art Gallery) will take place on June 11th. We have entered both these, and it is hoped that some of our students will have chances of winning, or at least of being chosen for showing among the many entries.

C.M.G.B.

"STOP PRESS"

Many entries from Public and Independent Schools on the Island were received, this year, by the Victoria Art Gallery for the annual "Mark Kearley" Exhibition (June 11th.).

We congratulate Ferguson (Grade VII) on his winning Second Prize — an outstanding achievement.

MUSIC

It is a striking paradox in the present-day cultural scene that young people — in greater numbers than ever before — are doing some of the best and some of the worst music-making the world has heard. To youth in the first category great credit is due, for, assailed as we all are by history's most elaborate and potent machinery for propagandizing *everything*, the risk of confusing the bad with the good is enormous. Only a genuine independence of mind can keep standards straight, and the outstanding attainments of a multitude of young musicians give impressive evidence of such independence.

Here in Victoria, opportunities are constantly increasing for hearing and studying worthwhile music, and for participation in musical activities. A busy conservatory and a newly-established university faculty of music are bringing fine teachers to the city. A civic orchestra and the challenge of music festivals — competitive and otherwise — offer stimulation to growing numbers of students. Some of our own Old Boys as well as some present members of the School are already making fine progress in musical studies, and it is hopefully anticipated that many more boys will take advantage of the opportunities at hand for acquiring at least a basis for one of the most pleasurable and rewarding of cultural pursuits.

PROJECTION CLUB

The Projection Club has completed another year, and we hope that the School has been pleased with our selection of films.

Our main trouble has been burned bulbs, but these were soon replaced. There were, as usual, other difficulties, but these were only minor ones.

I barred the holding of movies in the Summer Term, this year, as the Spring-time outdoors would only have drawn away our audiences. But the result will have been (I hope) a better selection of films generally, owing to reduction in numbers.

Our thanks must go to the crew of J. A. Avila, R. D. Brinton, J. F. Duthie, D. B. Higginbotham, M. MacC. Watkins and M. L. Wolf, for their support in operation; and our best thanks to Mr. J. L. Hinton for all his usual useful assistance.

Good Luck to our next President!

John R. Scholefield

“TAVIV”

All that need be said on the subject of *Taviv* appeared in our 1966 Edition (we refer readers to the item on page 58). But Auntie *Black and Red* feels that she should, once again, help to bring to public notice this, her favourite nephew — a sturdy stripling not without a welcome touch of sophistication.

Taviv is written by the Student Body, and we strongly recommend that you place your paws upon an up-to-date copy, if you have not already done so.

However, the issues stand not upon the order of their going, and, if you have been disappointed, feel free to write to this Editor: he MAY be able to help.

Ed.

THE BARKER LIBRARY

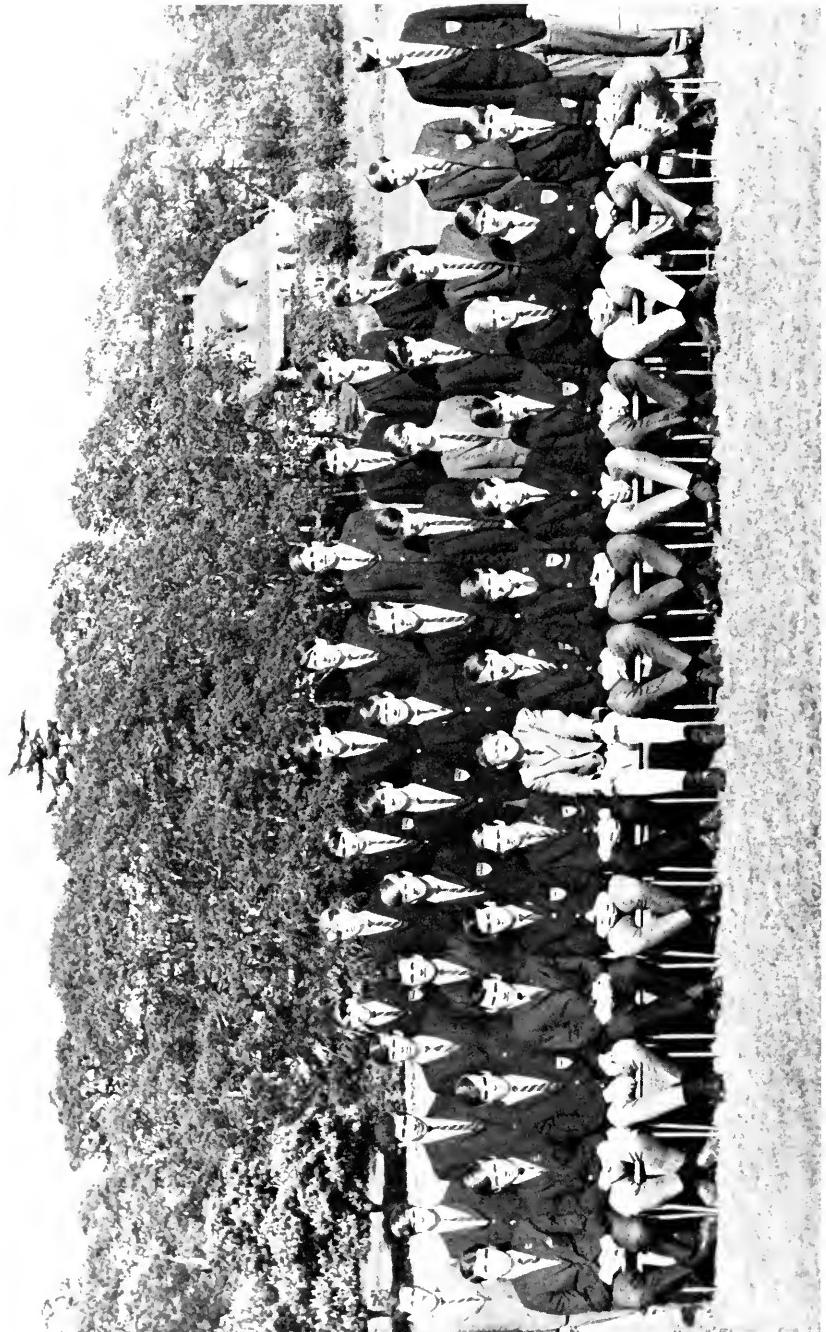

The student body appreciates and makes intelligent use of our library facilities. The Barker Library is assuredly a focal point of school life.

The accessibility of subject texts and reference books has stimulated the pursuit of special study projects. An interest in and a taste for good literature are now prevalent throughout the school.

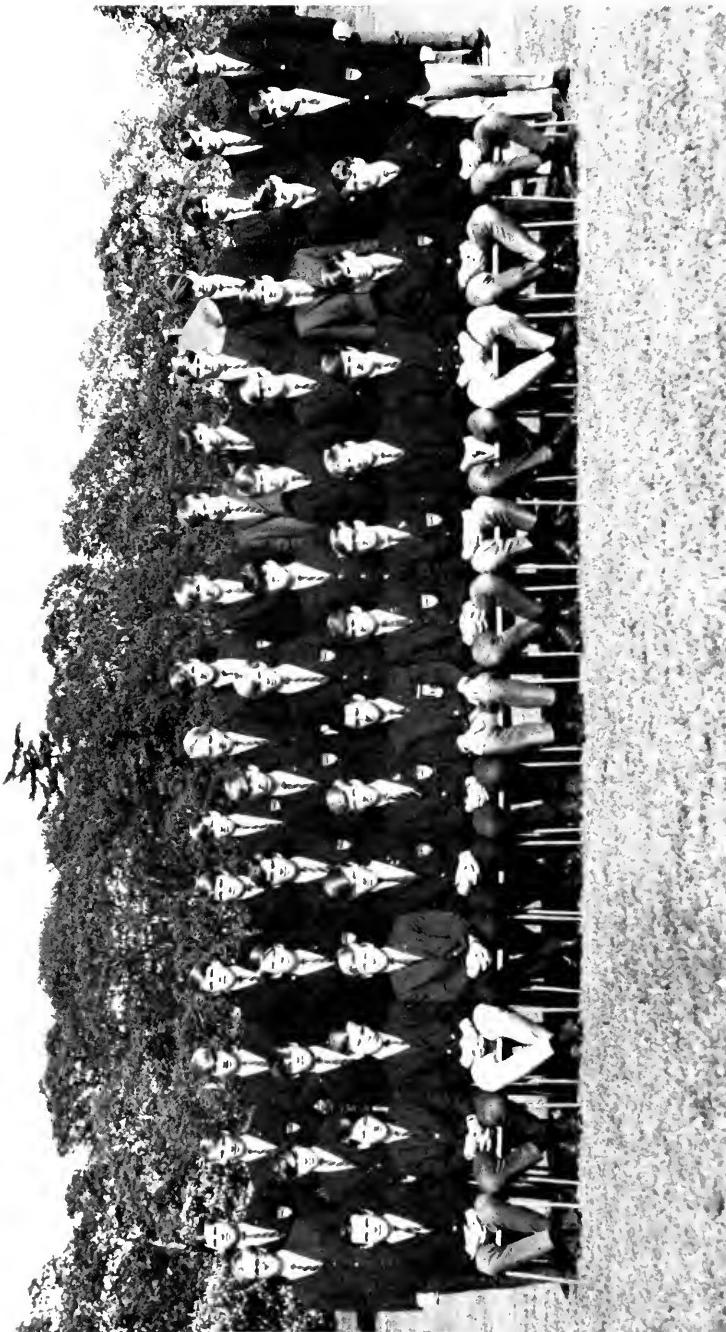

New volumes were added and the number of magazine subscriptions increased during the past year.

Our appreciation is extended to each librarian for making this a successful year.

BARNACLE HOUSE
(Mr. Wray's)

BOLTON HOUSE
(Mr. Smith's)

BARNACLE HOUSE

The year has been, on the whole, a fine one for the House. We have again been the smallest House in numbers, but we have made a great recovery on the Sports side, winning the Rugby, Basketball, Cross Country and Shooting. We are hoping to make a clean sweep, with Swimming and Track.

The year has been enjoyable. House Spirit has not, perhaps, been as evident as it might have been, but we feel that next year will see a full revival. There has been great enthusiasm where "activities" have been concerned.

On behalf of the House I wish to thank Mr. Wray for his fine leadership, which has been appreciated to the full; and we wish him the best of fortune in the new school year. We must thank Mr. Kayal, too, for his efforts in the first term.

We also express our appreciation of the efforts of Miss Harvey and Mrs. Warlow in the "stitching and mending" sphere, and of the conscientious ministrations of Miss Harris in the Dispensary.

Finally, along with the graduating class, we pass our best wishes and "good luck" to those returning, and a reminder for all—"Keep Barnacle on top!"

John Brinkley, Captain of House.

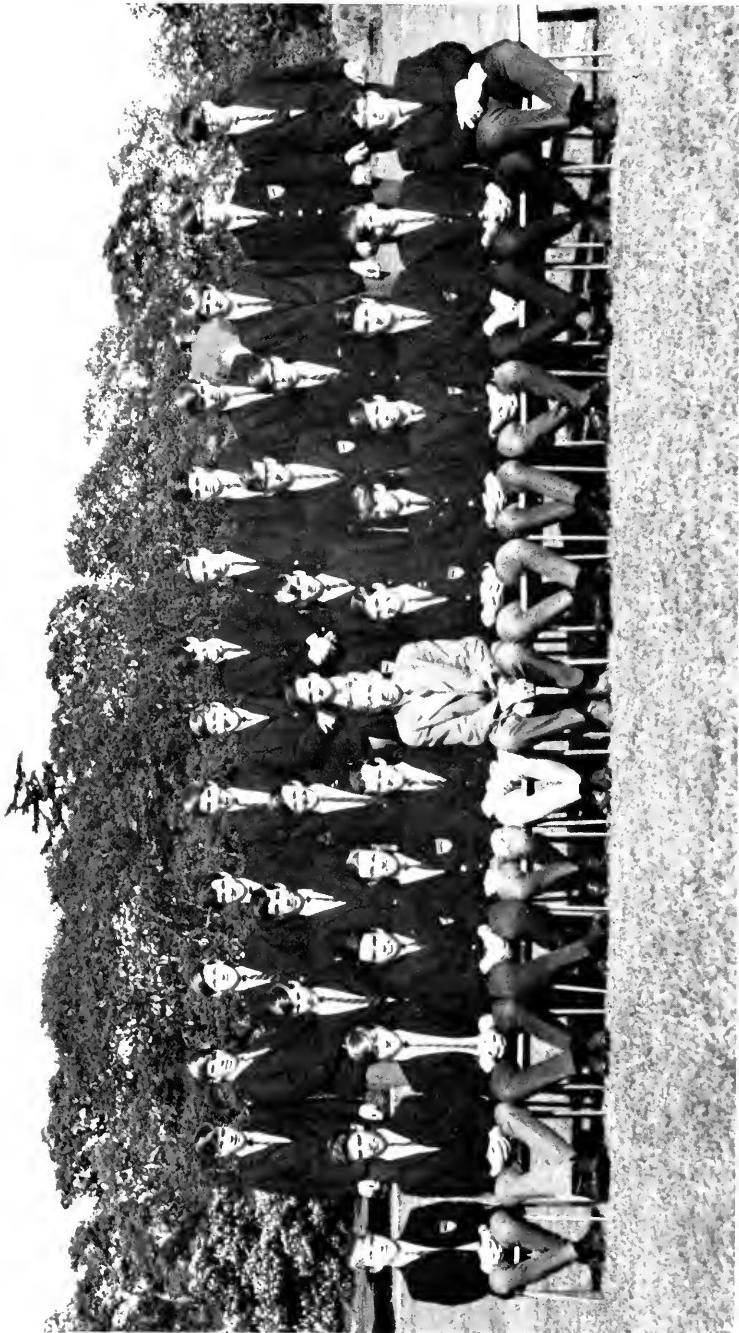

BOLTON HOUSE

During the past ten months the House has been very stable and consistent in all aspects of school life, and has actively participated in all inter-House Sports, providing stiff competition in all fields. In Rugby and Basketball, perhaps, occurred the hardest-fought clashes, each House gaining a victory.

There are many people who must be thanked for their fine efforts on our behalf during the year—Miss Harvey and Mrs. Warlow, for instance, and Miss Harris in the Dispensary. And our special thanks, of course, should be given to our Housemaster, Mr. Brian Smith, who has done so much for the House. Although he has been very busy with School Rugby and Track, he has still reserved time to help us with Standards and other inter-House activities.

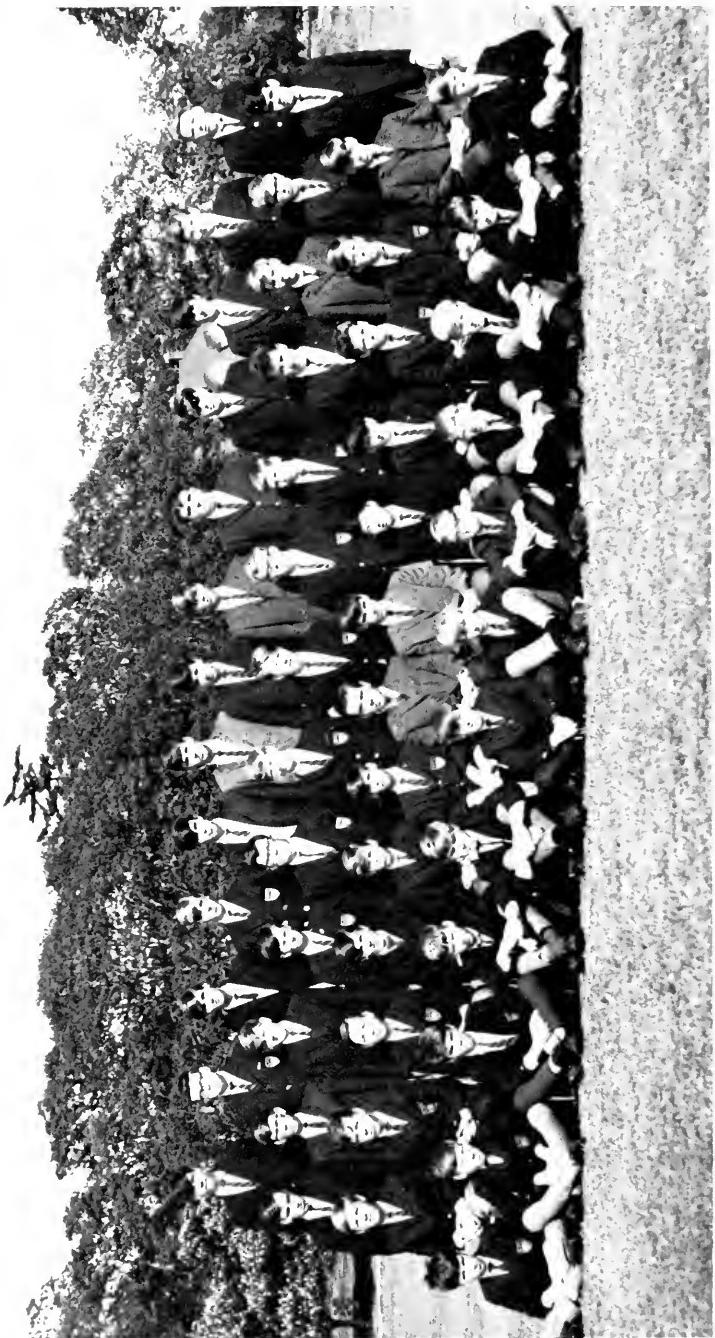

All the Bolton Prefects are leaving this year, and I must speak for all of them in wishing Mr. Smith and the House generally the best of luck in 1968-69.

Michael MacC. Watkins, Captain of House.

WINSLOW HOUSE
(Mr. Wenman's)

HARVEY HOUSE
(Mr. Kenward's)

WINSLOW HOUSE

With the assistance of an influx of "young bloods" this year, Winslow has once again fulfilled its role as one of the more distinguished Houses in the School. In the field of academics we have remained steadfast and proficient. In athletics, although we have not been the strongest House, members participated in all branches of sport. Moreover, the House played a prominent part in the Annual Cadet Inspection, Day Boys providing first-class support.

Once again, a great deal of thanks is due to Mr. Wenman, who is of paramount importance in keeping the House together, and, at times, preventing some of our members from being led astray.

Finally, we should like to wish the Best of Luck to all "returners," in whom there is a strong House Spirit already, and to the "recruits" of the future, who will find that they have a big pair of boots to fill!

William B. Angus, Captain of House.

HARVEY HOUSE

We began the year somewhat shakily, with only one resident Master with previous experience of Harvey House affairs, and three new faces — a new Matron, Housemaster and House Tutor (the last has since been "promoted" to School House). Everyone pulled together, however, and as soon as the TV had been repaired all seemed happy!

The first term was brought to an excellent close with a Christmas party. A number of girls were invited from Norfolk House School, and the television room was transformed almost into a place of beauty for the occasion, with the skilled assistance of Mr. Brookman. Most of the time was danced away, but a few games were interspersed to assist some of the more shy boys to get acquainted. Mrs. McMillan, Mrs. Sandy and Mrs. Kenward helped generously with the catering, and many of the Staff supported us. We are sure that Mr. Barber was astonished when he later discovered the youth of the girl with whom he had been dancing. Both sexes seemed to enjoy themselves thoroughly, and made the venture a successful one.

A number of Fire Drills was held, and the evacuation time was acceptably reduced, even Dykes waking up on the last occasion!

Several boys have become keenly interested in "Scuba" diving this year, have obtained an array of equipment and have returned from the deep with a variety of souvenirs, ranging from a starfish to a revolver, in which the R.C.M.P., of course, took some interest.

The smooth running of the House has been immeasurably assisted by the silent efficiency of our universal "fixer," "Irwin." We are all grateful to him for his services, and to Mrs. McMillan, our long-suffering cleaner, who is to be congratulated upon her sterling efforts.

From what was very nearly a close tie, McEwing emerges as this year's winner of the Chapman Cup for Character and Scholarship.

R.A.K.

THE DANCE

Again this year the occasion was embellished by a light show and a psychedelic band.

Although the dance cannot be said fully to have represented the Christmas season, it did round off, very pleasantly, an exceptionally long term, and I feel that all participating derived considerable enjoyment from it.

Our very special thanks are directed to Mr. B. Smith, who so kindly helped with the organization, and to Mr. Timmis, for making it all possible and such a success.

Richard G. Barker

FROM THE UNIVERSITIES

In March the Headmaster wrote to a number of alumni presently at the Universities, requesting news of their colleagues for the *Black and Red*. The first reply was from Keith Kerr, from Calgary, and in the following weeks quite a dossier was compiled through Chris Brooke, Chuck Lenfesty, Martin Seeger, Peter Wilde and (as the nearest would always be the last, though not, of course, the least) Michael Brock and Richard Stelck. It was great to have this news and some of it will have appeared already in the Old Boys' News Letter, but here is a resumé.

At the University of Calgary, Marcel Fisher is working towards a Degree in Law, Brian Templeton towards a B.Sc., Bob Thorsen to a Degree in Commerce and Keith Kerr towards a B.Sc. on a Pre-Med. programme. Donald Greig is working his way through the ranks with the Toronto-Dominion Bank and Charlie Hughes, after a spell at Mount Royal College, is taking a rest from the academic struggle, but will probably return to it shortly.

At U.B.C. Chris Brooke is going strong and sends news that Byron Nutting is majoring in Political Science, Steve Bapty is following his interest in Zoology towards his B.Sc. and Bill Fowler is continuing in Commerce towards a Master's Degree in Business Administration; Glen Macdonald is now at U.B.C., having first attended the University of Alaska. Glen is majoring in Geology. Russell Ker, after three years at U.Vic., like the others is now resident at U.B.C., and in Second Year Commerce. Mike Woollends received his M.D. with Honours after his seven year stretch. He will intern at the Holy Cross at Calgary and will be very pleased to operate at cut rates on any Old Boys in the area.

Although at Simon Fraser, David Huntley and Mr. Ian Mugridge are still on the Faculty despite the riots. We hear little of Messrs. Macdonald, Price and the others and would welcome news.

At U.P.S. Chuck Lenfesty, who is now President of Delta Epsilon Chapter of Beta Theta Pi, has Don Harris, Charles Woodcock and Chris Collins in his Fraternity and, flanking them on Greek Row, Tooey Meyer, Jacques Garrigues, Jack Allen and Grant Mittelstaedt.

Jim Mousel and George Able, recent graduates of U.P.S., are now working for Boeing and Chuck writes that "Rumor has it that George will be married soon to a graduate of U.P.S. (girl that is)." Jack "Fog-horn" Allen will graduate in June with a Degree in Biology. Chuck is looking forward to the day when U.P.S. will have an All-Coast Rugby Team with black and red, of course, as their colours. Chuck came up against Peter Wilde when U.P.S. played Western Washington in Rugby at Tacoma. Peter has written giving his news from Western Washington, where he seems to spend a great deal of time on the Rugger field while pursuing a path towards a Degree in Medicine.

Martin Seeger writes from San Francisco. He is finishing his second year at the University of the Pacific, from which Russ Fish and David Murray will soon be graduating, as also will John Herpers, who has joined a rival Fraternity, Delta Upsilon. Having run the Varsity Cross-Country last year, Martin is now participating chiefly in ski-ing and swimming.

Nearer home at U.Vic., thanks to Michael Brock and Richard Stelck, we learn that Messrs. Adams, deRosenroll, Fortune, Gibson, Hardy, Houston, Lawson, Tony Peyton, Brock and Featherstone all completed their first year successfully. Chris Wolfe, Clive Peyton (with Honours), Craig Cousens and Peter Genge completed second year successfully. News of the third year seems to be blank, save for Neil Vallance, who obtained Honours in Anthropology, but fourth year finalists did extremely well—Jamie Angus obtained First Class Honours and there were very good Seconds by Michael Napier, Mark Drum and Alan Montgomery, the last two being recipients of National Research Council Grants of \$3,700 each. Michael Brock is moving to Queens, Grenfel Featherstone to the University of Edinburgh, Alan Montgomery to the University of Toronto and Mark Drum to McGill. Michael Napier is planning "a year off" before Post-Graduate work. He has well earned the rest. David and Richard Grubb are continuing their studies—David towards his Master's Degree and Richard in the field of History.

The only other news direct from the University was the copy of an article written by Philip Deisher for the *Polar Star*, of which he is Associate Editor. Philip, of course, is at the University of Alaska, while Jon is believed to be still at Menlo.

As a beginning of University News, as a regular feature, this is pretty good, and I am most grateful for the co-operation.

H.M.

NOTE

For recent activities of Old Boys see "From the Universities."

Old Boy ex-Debaters-cum-Cricketers will be happy to hear that both the Sports have flourished in the School this year (Debating being almost a "blood" one, we understand). Owing to the early surge to Press, we have been unable to supply reports on the activities of the Debating Society and the Cricket XIs (1968).
